

## **USEFUL INFORMATION**

*We offer you some links and information about Madrid to make your stay easier and in case you have the opportunity to visit the city or its surroundings during these days.*

*We hope you enjoy our city!*

### **Spanish weather conditions during Autumn**

The best time to visit Madrid is during Spring and Autumn months. Autumns are mild in Madrid with a significant rise in rainfall. In September and October, we still enjoy warm and moderate temperatures, for that reason a lot of visitors come to Madrid at this time.

The average daytime temperature is 19.4 in October which lowers to 10.7 during night time.
